Keynotes and Breakouts from
Dan Meyer
Cathy Fosnot
Graham Fletcher and more

We are more than 1/6th the way into the 21st century and we are no longer bound to face to face options as our only choice for educator learning. Our keynote speakers, who are all prolific users of online communities, will talk about student, teacher and administrator learning, both from face to face and online perspectives. We will also see how our own learning can be personalized with tools and resources available at the click of a mouse.
